

How can we define the principles and best practices when it comes to making mindful choices in developing our identity in social media, so that rewarding connections are made?

What do we need to do to take the risks that lead to the rewarding connections?

level one: biographical sketch	level two: revealing what you have to offer to others
level three: asking for what you want	level four: the long-term patterns of behavior in your social media activities

What else doesn't fit in these levels or other frameworks that we've used in this session?
